

★2008 Summer Excursion Information★

Each week has an excursion planned. We believe that it is important to get out of the classroom and experience the natural world around us. Excursions create opportunities for our students to engage in hands on learning, healthy activity and make for pleasant, lasting memories of their time in Hawaii.

- The HSKG Staff (English and Japanese speakers) will be leading the children.
- Excursions will be held during class hours because they are still a learning experience.
- Excursion destinations and schedules may be changed.
- Weather and/or the number of participants may prompt changes.
- Children not enrolled in the Summer Program may participate in the field trips.
- Non-enrolled children must pay an additional same-day fee.
- Admission, transportation, and lunch are all included in the excursion fee.
- KAMAAINA SPECIAL: **50% off on all excursion fees and same-day fees.**
- HSKG will close promptly at **2:00pm** every Friday.
- Afternoon care will not be available Fridays.
